◆ 5. PASSPORT & DIPLOMATIC MISSION PRIORITY

- Applicants whose passports are **currently held at a U.S. Embassy or Diplomatic Mission** are classified as the **highest priority group** for evacuation and visa issuance:
- Individuals currently residing inside Afghanistan.
 - Individuals who have fled to third countries: Pakistan, Tajikistan, or neighboring states.

CRITICAL REQUIREMENT: Holding a valid, fully issued visa is the essential prerequisite for evacuation list inclusion. **ONLY** individuals whose visa issuance process is **COMPLETE** will be included in this phase of operations.

■ KARACHI PORT, PAKISTAN — PRIMARY STRATEGIC LOGISTICS HUB

◆ ROLE OF KARACHI PORT IN EVACUATION OPERATIONS

Karachi Port has been selected as the **primary logistical command and control center** for Operation NEGAR. With direct access to international waters of the Arabian Sea, this strategic port plays three critical roles:

1. Tactical Command Center

A joint operations room staffed by senior U.S. military officers and IOM representatives coordinates all communications with naval vessels and aircraft carriers in the Arabian Sea from this single command node.

2. Air Support & Heavy Logistics Base

Delta Force personnel and heavy equipment transit through this port. Rotary-wing transport helicopters for troop movement to Kabul (KBL) and Mazar-i-Sharif (MZR) airports receive logistical re-supply from this hub.

3. Ground Evacuation Contingency Route

In the event of aerial route disruption, emergency land-corridor plans for selected group transfers to Karachi have been codified, with subsequent sea departure through the Arabian Sea.

◆ PAKISTAN DIPLOMATIC COORDINATION

All diplomatic arrangements and border coordination with Pakistani authorities are managed through Karachi Port. This covers applicants residing in **Karachi, Islamabad, and Peshawar**. Secretary of Defense Pete Hegseth personally oversees operations from this port, coordinating directly with aircraft carriers stationed in the Arabian Sea.

Cities Covered	Karachi · Islamabad · Peshawar · other Pakistan cities
Pakistan Authority	Coordinated via direct diplomatic channels from Karachi Port

■ POST-ARRIVAL RESETTLEMENT PLAN — WASHINGTON DC AREA

◆ RESETTLEMENT NEAR THE WHITE HOUSE

Based on intelligence received, upon transfer or evacuation, a portion of eligible Afghan men will be **recruited and employed for military service in the Ukraine theater**. For the families of these individuals, it has been decided that rather than relocating directly to the United States or a third country, they will be housed in a **secure camp near the White House, Washington DC** — ensuring rapid access to security services, government support, and proximity to decision-making centers.

Family Housing	Secure camp — Washington DC area, near White House
Men — Assignment	Military service support — Ukraine theater operations
Services Access	Immediate U.S. Government support & resettlement assistance
Oversight	Direct White House proximity for rapid processing
